ABOUT OUR PRESENTOR

Rev. Carol Richardson was first told that she was an animal healer at age 13 by a psychic from India who was being studied at Duke University. First following a traditional path, she has a bachelor's degree in psychology, a master's degree in public health, and a master of divinity degree. Ordained in the Christian Church (Disciples of Christ), Carol's path has taken a turn towards Eastern spiritual studies. She traveled to England four years in a row to study at a spiritual centre, and has taken courses in animal healing, natural spiritual healing, a spiritual form of counseling, Raja Yoga meditation, and Reiki. She now offers energy healing and classes through Springs of Living Water Wellness Center in Kalamazoo, Michigan.
